

*Winter*

## **Inclement Weather Policy**

-For Sunday, Monday or Wednesday Faith Development, Sacramental Prep and Confirmation sessions during wintertime, we will use the following plan:

- We will not meet if there has been a snowstorm the day before our session, especially if the road conditions are deemed hazardous.

- We will not meet if a storm such as sleet or snow or freezing rain starts before 8 a.m. or before 6 p.m. on Sunday, Monday or Wednesday (before any session starts).

- Once in a while, the secondary roads remain covered with snow or ice for several days after a storm. If main roads are clear and we plan to meet, please use your good judgment as to whether or not it is possible to drive out safely with your child/ren.

- If sleet or snow starts to fall **during** Sunday Faith Development or Sacramental Preparation hours **after** dropping off your child/ren, please return **immediately** to pick them up.

If you have questions or any doubts, please don't hesitate to call the Faith Development Office at 570-0013 before leaving home whenever bad weather is expected.

Also, watch or listen for closing announcements on your local radio or TV stations.
